

CURTLO CUSTOM FIT

PHILOSOPHY: At CURTLO we not only custom design the frame around your body dimensions, but pay close attention to your individual riding style, abilities, likes and dislikes. Numbers alone don't dictate the resulting frame...it is the interpretation and application of the information you provide. This page will get you started in the fitting process. Please pay close attention to how dimensions are measured.

Name: _____

Sex: _____

Address: _____

Age: _____

Height: _____

Weight: _____

Home Ph: _____

In-seam: _____

Work Ph: _____

Fax: _____

e-mail address: _____

DESCRIBE the type of riding you do and the frequency. _____
